## "GREEN STOCKINGS" CLEVERLY GIVEN

Most Finished Production Ever Attempted by an East High Senior Class Last Night.

Result Reflects Careful Training of Miss Nora Whitmore—Unusual Talent Shown.

Perhaps the most finished play ever given as the annual event by any East High senior class, was that of last evening, the clever "Green Stockings" in which Margaret Anglin made so great a hit several years ago.

Miss Nora Whitmore of East High faculty had full charge of the play and no better evidence of her ability as a coach could be given than the manner in which "Green Stockings" was produced from the initial scene to the close. The cast appeared to be better perfect, there were no halting moments, and the entire action moved with a smoothness and perfection which is not always true of an amateur performance.

The play is in three acts, all showing the interior of the home of the Faradays, and at such time of day that the costumes are necessarily those which are appropriate for the period. The play was a responsible for the appearance of some of the prettiest possible evening gowns, while the masculine evening clothes were most becoming. In the first act there was a prospective dinner party, with consequent attractive clothes; the second act supposed to take place eight months later, while the third act showed the interior of the morning room, with adjacent conservatory.

Approved English Conservatory. This conservatory was quite the approved English style, with a table to do residence with palms and boxed trees, furnished thru the kindness of Mrs. J. M. Smely. This was an ideal setting for the love scene which formed a part of the clever little play.

Miss Gertrude Parker was in charge of all properties. The Robert Wysocki superintendent of electrical effects. Both duties were more than ordinarily difficult owing to the number of properties, and the innumerable electrical cues with the music turning off and on of light, the honking of the waiting automobile horn, the ringing of a telephone, etc., etc., all of which was accomplished without a hitch.

The story is that of the old English custom of demanding that the oldest unmarried sister (Lucille Nickson) don green stockings for the wedding of every younger sister in the family. She has done this pleasantly twice, but rebels at the third demand, and in defense pre-arranges herself to a creation of her imagination, "Colonel John Smith," a hero of the war, who is a real comical figure. The story is a real comedy which falls in love with the lady.

Unusual Talent Shown. East High was in luck in possessing an unusual amount of talent and good looks in the cast. Miss Nickson has a fine voice, a contralto, which carries well, and she really was extremely good. Miss Morlock was clever, while Miss Young handled a rather difficult role well. In fact, every character was played with quite a professional air, not forgetting Martin, the servant, played by Robert Rubble.

The play had just the necessary amount of comedy and lends itself well to the high school student, while the love scene was of the sort which is handled well by the amateur. And as said before, despite the fact that the cast was not selected as early as had been planned, the rehearsal had been conducted in such a manner that the finished production in making was unusually entertaining to the large and appreciative audience which filled East High auditorium. The cast was as follows:

The Cast.  
Admiral Grace (retired), John Jessup.  
William Faraday, Gerald Wiley.  
Colonel Smith, Valiant Young.  
Robert Tarver, William Klamer.  
Henry Stagle, Robert Stoj.  
James Raleigh, Fred Mitchell.  
Martin, Robert Rubble.  
Celia Faraday, Lucille Nickson.  
Madame (Mrs. Rockingham), Winifred Schwingler.  
Evelyn (Lady Tranchard), Mary Deets.  
Phyllis, Ione Thomas.  
Mrs. Faraday, Gerald Wiley.  
Miss Morlock, Mary Deets.

Very good music furnished by East High school orchestra, added much to the evening. East High feels particularly grateful to Mrs. J. M. Smely, to the James Furniture company, which furnished so much of the furnishing and properties, and to the Thompson Transfer company, which assisted in bringing them to the school, and so signified their gratitude by flashing the three names upon the screen by means of the new moving picture equipment.

Billings Has Even Chance. The condition of Alvin Billings, who was crushed between two automobiles in an accident in South LaSalle street, has improved, and he is expected to be able to get up in a few days. He has a fracture at the base of the skull but his physician says he has an even chance for recovery.

Midnight Fire Alarm. The city department responded to a midnight alarm last night to the home of Mrs. Anna Miller, a widow living at 331 North Union street. A kerosene lamp in a chicken brooder is thought to have been overturned and set fire to a barn in the rear of the house. About \$50 damage was done to the property and 15 hens and about 50 young chickens were burned up. Mrs. Miller carried insurance to the extent of the damage.

If a man could discover why a woman is a mystery he wouldn't be. While the fool is waiting for an opportunity the wise man makes one. Diplomatic language seems to consist in saying one thing and meaning another.

## TWO-THIRDS OF MEN OF THIRD TAKE OATH

Gen. Dickson Reports to Col. Greene Standing of Regiment on Federal Service.

Many Men Not Yet Asked Expected to Assume Obligation—Recruiting Disappoints.

Adjutant General Dickson of the Illinois National Guard was called by Col. Charles Greene of Aurora, commanding officer of the Third regiment, that 466 out of 698 men in the regiment have taken the Hay or federal oath. Of the 243 who have not taken the oath about 300 have not been asked. Colonel Greene said today.

"Members of many of the companies are not in the home cities and have not been asked to take the oath," Colonel Greene said. "Of the 243 who have not taken the oath I am sure that at least 300 of them will willingly do so when asked. Most of the men have not been ordered to the army because they are too far away. Should an order to mobilize be received the men will be ordered to report and at that time they will be given the oath."

**Recruiting Disappoints.**—"I am surprised at the small number of enlistments we are getting in Aurora companies," Aurora, with four companies, has the least number of recruits of any other city in the regiment. I expect to see our home men enlist more rapidly next week."

At the army in Island avenue last night, 21 recruits were given the physical examination by Dr. A. E. Lord, the regimental physician. Out of the 21 men only one failed to pass the examination. The men examined are recruits secured by the four local companies.

Lieut. Hal Carr of the machine gun company will be at the army tonight to take enlistments. Members of his company took the Hay oath last night, not a member refusing. Capt. John Newman of Company I will be at the army Monday night and Capt. Charles Harrison of Company D will be on duty Tuesday night. Men desiring to enlist can do so by applying to these officers.

## PASTOR ENDORSES DRILLS IN SCHOOL

Military Training Best Guarantee Against War, Rev. Claxon Tells West High Pupils.

Superintendent McDowell Tells Need of Better Gymnasium for the Boys and Girls.

The men of the west high school Parent-Teacher club were hosts last evening at an unusually interesting meeting. Military training in the high school was the subject under discussion. The Rev. R. H. Claxon spoke giving four points in favor of universal training—better bodies, a respect for authority, a wholesome patriotism and the best guarantee against having to go to war. His talk was followed by short three minute speeches by Dr. D. D. Culver, Superintendent E. K. McDowell, Dr. C. E. Colwell, E. O. Peterson, Charles Harrison and C. V. Kerr. All were heartily in favor of universal training. Superintendent McDowell spoke of the need of a better gymnasium. Excellent music was furnished by a quartet from the Aurora college.

Later the committee served refreshments assisted by the boy scouts for the boys and girls.

The present gym has posts in the middle of the room and is hardly large enough even if the uprights were removed.

The committee for the evening was R. A. Evans, chairman; E. O. Peterson, Wynne Mighell, Dr. O. R. Jenks, Frank Taylor and Principal K. C. Merrick.

## Voice of the People

"Heywood" School.

In a copy of your paper a short time ago, I saw an article concerning the building of another school building and of selecting a name for it.

I was very much interested in the article and it led me to think of the past history of our school, what it was and what it is today, and I wonder how many realize to whom much of the honor of what they are today belongs.

Little did we realize what it would mean to the youth of that time and the children of coming years, to have such a teacher and gentleman, P. P. Heywood placed at the head of our school.

He came to us while the school building was on New York street, near the park and with the aid of his wife and sister (now Mrs. J. H. Hodder of this city) brought an orderly school out of one of confusion.

The foundation was then laid that made the east side school an honor not only to Aurora, but the whole state of Illinois, and made it easy for those who followed him to make our schools what they are today.

So name the new building for the late P. P. Heywood and his sister, our dear Mrs. Hodder.

I was in the school before Mr. Heywood came there and I now fully realize what his coming here did for our school life and the lessons learned that have never been forgotten.

## INSURANCE WAR CLAUSE MISUNDERSTOOD BY SOME

A local representative of a life insurance company said today that an item in The Beacon-News last Thursday, which stated that a uniform life insurance war clause had been agreed upon by a special committee of the national convention of insurance commissioners, and by representatives of life insurance companies, had been misunderstood in some quarters.

"It should be understood," this agent said, "that the war clause applies only to policies issued since April 16. All policies taken out before April 16 are not subject to the war clause."

The war clause provides that the liability of life insurance companies on policies taken out within the next five years by persons engaged in military or naval service in time of war will be limited generally to the return of the premiums unless special premiums are paid."

## THOUGHT HUSBAND'S DEATH DUE TO POISON

INQUEST FINDS HEART TROUBLE KILLED WILLIAM NEASE.

William Nease, 52 years old, colored, dropped dead at the home of William Taylor in North Broadway last night at 7:10 o'clock and at the inquest this morning his wife said she believed that her husband might have been poisoned. The coroner's jury returned a verdict of death caused by an acute attack of heart disease.

"I have been separated from my husband since 1906 and he has been keeping company with a Mrs. Blackman," Mrs. Nease said at the inquest. "Maybe he and Taylor have been rivals for the woman's attention. For all I know my husband might have been poisoned."

Nease, who has been doing porter work at the city hall since last fall, had been drinking heavily. He was discharged last Monday for being intoxicated and had been living at the Taylor home since. Witnesses at the inquest said he had been ill since Tuesday. They claim they telephoned Dr. E. W. Stubbs, county physician, Thursday night and again yesterday afternoon and that he failed to respond to the call.

The funeral will be held from the Denney & Denney undertaking rooms at 2:30 o'clock Sunday afternoon. The Reverend Mr. Owens will officiate. Interment will be in Spring Lake cemetery.

## OPEN BASEBALL SEASON SUNDAY

Ragen's Colts Play Aurora in First Game of Year at Fox River Park.

## TO EXHIBIT MACHINE GUNS

The 1917 baseball season will be opened at the Fox River park grounds tomorrow afternoon at 2 o'clock, weather permitting. Aurora will meet the Ragen's Colts of the Chicago City League. The Colts are one of the best semi-pro teams in Chicago.

In addition to the baseball game, the management has arranged for a demonstration of the use of the Lewis machine gun of the United States army.

Two of the Third regiment machine gun company, selected by William Farman and several privates will be taken to the park at 1 o'clock and the drill will start at 2:15 o'clock.

The machine guns have never been demonstrated in public in Aurora. When the Third regiment returned from the border four machine and five motor trucks were brought back by the machine gun company.

Mitchell will twirl for Aurora with DeLaney behind the bat. Either Bill Lange or Red Ormsby will work for the Colts. The latter team is playing at Beloit today and if Lange works Ormsby will pitch against Aurora. Lange was with Chicago in the Federal league. Ormsby has long been considered the best right-handed pitcher in the city.

The Aurora team will be the same as in the game against Joliet two weeks ago, with the exception of right field. Wetzel, who played that position, has joined the Winnipeg club in the Northern league.

Two of the former Aurora players' brothers will be in the lineup of the Ragen's Colts in the game here tomorrow.

If the weather is favorable a record crowd will be on hand for the opening game. Managers Adams and Taylor have gotten together one of the best teams the city has had in years and they deserve the support of the fans. Godard's band will furnish music and the traction company will have cars running to and from the park every 10 minutes.
